The ES Skylight has a leg that extends into the skylight well. The ES Skylight requires both the Outside Curb and Daylight Opening Dimensions at time of order.

90° Curb to Roof Pitch REQUIRED

Minimum 2/12 pitch is required for all glass skylights.

NOTE:

CrystaLite will add 1/2" to Outside Curb Dimensions which allows for 1/4" clearance all around.

CrystaLite will deduct 1/2" to Daylight Opening Dimensions which allows for 1/4" clearance all around.

Refer to the appropriate assembly detail per skylight curb construction.
